Education

Arcade Business College
Computer Application Bachelors
Percentage: 74.25%

Patna, Bihar
August 2021 - July 2024

Eklavya Educational Complex
12th Grade
Percentage: 76.8%

Patna, Bihar
June 2018 - May 2020

Experience

Prodigy InfoTech | Web Development Intern July 2024 - July 2024
Collaborated with senior developers to design and implement web applications using HTML, CSS, JavaScript, and modern frameworks such as React.js.
Assisted in the development and maintenance of front-end components, ensuring responsive and user-friendly interfaces.
Participated in code reviews and contributed to improving code quality and performance optimization.

Cognizant | Agile Methodology Intern June 2024 - June 2024
Demonstrated an understanding of key project management concepts by creating a comprehensive presentation analyzing the strengths and weaknesses of Agile and Waterfall methodologies.
Applied knowledge of key aspects of Agile methodology by identifying user stories for an innovative interplanetary video-conferencing application and creating a document detailing Scrum role assignments and ceremonies.
Showcased problem-solving skills by diagnosing and proposing solutions for development process issues encountered during sprints.

Skills

Programming Languages: Java, Python, Javascript, Html, C++
Libraries/Frameworks: Django, React.js
Tools / Platforms: MsExcel, Power BI, MS Office, Numpy,
Pandas Databases: MySQL, Oracle10g

Projects / Open-Source

Grocery Store Python, Django, Bootstrap, SQLite
Developed a dynamic and user-friendly online grocery store using the Django web framework.
Provided a seamless shopping experience with easy navigation and product management.
Modernized traditional grocery shopping processes.

Hardware Shop Management System Visual Basic 6.0, Oracle 10g
Created a comprehensive Hardware Shop Management System using Visual Basic 6.0 for the frontend and Oracle 10g for the backend.
Streamlined inventory management, sales, and customer interactions for a hardware retail business.

Blog App React.js, Appwrite, HTML, Tailwind CSS, JavaScript
Utilized Appwrite for backend services, including user authentication and data management.
Developed a blog application using React.js for the frontend and Appwrite for the backend.
Demonstrated strong abilities in full-stack development with user-friendly interfaces and efficient frontend-backend communication.

Certifications

The joy of computer using python - NPTEL
Ethical Hacking - NPTEL
Agile Methodology Job Simulation - Forage
